

**Project Category: Threat Intelligence, Technical Writing,
Network Security, Information Security**

Project Name	IEEE Research Paper Proofreading
Client Name	Mr. Minal Singh
Industry	Higher Education & Academics
Challenges (Work)	Mr. Minal Singh contacted us to review the recently written research paper which is based on one of the cybersecurity topics. The challenge is to review and proofread the paper and make sure which is ready to publish.
Type	Cybersecurity, threats, Research Paper Proofreading, network security
Project Duration	3 Days
Outcome	Our expert team of writers reviewed the content, found lots of problems regarding the grammar and language correction. They corrected it. Then it is required to add some content and diagrams with content and also add it. Finally the research paper is ready to publish.
